Summary: The US Ambassador to Bulgaria John Beyrle took part in the opening of a new One Stop Shop in Sofia's Iskar Municipality.

What could be better than the fact that another One Stop Shop is opened in Sofia thanks to the mayor Boyko Borisov and the partnership with **Tishman**, Beyrle said.

The diplomat pointed that there is corruption in every country and several former congressmen in USA are in jail, which is sad, but it is true and he is proud that the system is operating and they are in prison.
