

Title: MODERN CENTER TO SERVICE SOFIA DISTRICT

A new One Stop Shop in Sofia's Iskar Municipality is already operating.

It was officially inaugurated today by Sofia mayor Boyko Borisov, the US ambassador John Beyrle and representatives of **Tishman International Companies**.

The modern One Stop Shop will allow the public to be serviced and to receive all the necessary documentation by paying predetermined fees.

Tishman International Companies and GE Real Estate – partners in the construction of Sofia Airport Center, provided the necessary funds for computers, software and server. The project is coordinated by mayor Borisov and Beyrle.

18-19 centers are already operating in Sofia. This is one of the opportunities for limiting of corruption.

One Stop Shop in the Iskar Municipality has been developed to service disabled people too.
